

EIA Study of M9 East Appraisal and Exploration Drilling in Block M9 by PTTEPI

PTTEP International Limited (PTTEPI) plans to conduct an appraisal and exploration drilling campaign in the eastern part of Offshore Block M9 with objective to confirm (or deny) and to indicate the presence of hydrocarbon reservoirs, and serve the development of the existing Zawtika gas field. The proposed appraisal and exploration drilling will be up to 12 wells which will begin in Q2 2018.

Regarding the Scoping Report which was submitted to Environmental Conservation Department (ECD), PTTEPI and Artelia Eau & Environment (Artelia) are currently undertaking an EIA Study which includes associated stakeholder engagement. The EIA will be conducted in accordance with the Myanmar EIA Procedure (2015).

More information about the proposed activity can be found on PTTEPI's website as follows:
