Dear Sir,

Subject: The award of Offshore Exploration Blocks No. G1/65 and G3/65 in the Gulf of Thailand

According to Ministry of Energy's announcement of the result of the 24<sup>th</sup> Bid Round for Offshore Exploration Blocks in the Gulf of Thailand on 7 March 2023, PTT Exploration and Production Public Company Limited, or PTTEP, would like to inform that PTTEP Energy Development Company Limited, a subsidiary of PTTEP, has won the rights for petroleum exploration and production of Exploration Blocks No. G1/65 and G3/65 with 100% interest and operatorship. The signing date for Production Sharing Contracts will be determined at a subsequent time.

This achievement aligns with PTTEP's investment strategy, which aims to promote growth in strategic focus areas. The proximity of these blocks to the company's current operations will enhance the potential for swift commercial development and cost optimization. Moreover, the production contribution from these 2 blocks would help alleviate the concern over Thailand's energy security.

Please be informed accordingly.

Sincerely yours,

*Suksant Ongvises*
