

Community Relations and Management Policy

In conducting our business of petroleum exploration and production, PTTEP is committed to delivering energy security while contributing to sustainable growth of both communities and societies where we operate. We place the highest emphasis in meaningful engagement with our host communities to foster strong relationships and collectively enhance community capabilities and livelihoods.

Aside from strictly adhere to PTTEP's Good Corporate Governance and Business Ethics, Human Rights Policy, Sustainability Development Policy and Corporate Social Responsibility Policy, PTTEP operates in accordance with international frameworks and accepted industry standards for community relations and development to ensure business growth alongside a sustainable progress in society.

The Community Relations and Management Policy outlines our commitments to:

1. Demonstrate responsible corporate citizen behaviors by acting responsibly and exercising care in preventing potential impacts to community, society or environment at every stage of our operations.
2. Seek to understand and respond to stakeholder concerns through a fair and transparent process, in accordance with relevant rules and regulations.
3. Encourage inclusive engagement among stakeholders to attain effective collaboration and mutual benefits which, in turns, constitute basis of trust and acceptance among PTTEP and our stakeholders.
4. Recognize and respect the rights, way of living, cultural diversity and local values of communities at all times.
5. Promote the well-being of communities through sustainable development activities, and fulfill our promise of delivering long-lasting benefits.

(Mr. Montri Rawanchaikul)

Chief Executive Officer
